VOLUME 10, NUMBER 48 | ENTERED AS SECOND CLASS MATTER AT ARLINGTON HEIGHTS, ILLINOIS | ARLINGTON HEIGHTS, ILL., FRIDAY, OCTOBER 23, 1936 | Published Every Friday by H. C. PADDOCK & SONS | $2.00 PER YEAR

STATE, COUNTY CANDIDATES TALK AT ARL.

Foster, Bidwill, Hadley, Van der Vries, Busse Give Stirring Talks.

T. C. HART

Return to the American people, those liberties to which they are entitled and return America to the American way of doing things under an American government, was the plea of C. Wayland Brooks, republican candidate for governor, to a huge overflow mass meeting at the Arlington theater Monday evening.

Brooks was fighting for America, the American home and American institutions with the same whole souled determination and enthusiasm that he used when he fought for America in the World War, fought with that power and conviction and fearlessness that won him a distinguished and honorable record in war and which will win him the governorship of Illinois in this campaign.

The huge crowd which had assembled early in the evening and had been entertained by a movie and by many other candidates for state and county offices waited patiently for Brooks and when he arrived after 10:30 he was greeted with an ovation which left no doubt as to the popularity of this fighting young leader of the republican cause.

In a half hour's speech Brooks in his quiet forcefull way sailed into the present national and state administrations in no uncertain terms. He pictured the idle acres and the idle men under the New Deal's agricultural policy. He pictured the high prices of farm products going to the farmers of Canada and the Argentine instead of to American farmers; he showed the awful waste in the administration of relief and ripped into the political system of relief which uses a hungry man and his needy family as a weapon with which to wrench a few more votes for the present administration under the lash of human suffering.

He tore open to the view of his audience the huge $8,000,000 fund suddenly being made available for road work just prior to the election, reviewed the parade of 400 newly appointed inspectors who are marching through the state investigating the old age pension applications, after these applications have laid idle and unanswered for months, these inspectors having also been put to work just before election to preach the Gospel of Henry Horner's administration as well as look into the old age pension claims. And so on for over half an hour Mr. Brooks tore the veil from the workings of the present administration in matters of relief, taxation, schools and every other important issue of the campaign and the roaring response which greeted his sallies, was proof enough that those campaign issues are being well understood by the people of rural Cook county and that they are prepared to give their verdict on the Roosevelt and Horner administrations at the polls on Nov. 3.

Many other headliners on state and county tickets preceded the candidate for governor and every one of them was in a confident and fighting mood with no fears as to the outcome on Nov. 3. Charles W. Hadley, candidate for Attorney General of Illinois opened the meeting with a rousing speech on national issues which brought thunderous applause from the crowd.

Frank E. Foster, state representative from this district came next and he banged into the Horner administration of state affairs, schools relief and taxation in a manner that simply proved what the voters already know and that is that in Frank E. Foster, they have an able and fighting representative that is first, last and always for the interests of the people of his district. It was one of the best fightingest speeches Frank Foster ever made and assured him of being returned to Springfield for another term.

Mr. Foster's Colleague in the legislature, Mrs. Bernice van Der Vries also spoke briefly and proved herself a worthy representative of this district.

James C. Moreland, candidate for Congress from this district added his bit in ripping into the new deal and promised that there would be another fighting republican in Washington when he gets there. Harry S. Ditchburne, candidate for State's Attorney of Cook county was unable to be present, but he was ably represented by an assistant who tore into State's Attorney Courtney's administration of his office in no uncertain terms and who laid bare the hook up between politics and crime in Cook county.

Arthur Bidwill, candidate for State Auditor and who was "counted out" of his seat in the state senate by the democratic machine, told of the appalling waste of depositors' money in closed banks by excessive fees, costs, etc., which enabled the fee grabbers to get hundreds of thousands of dollars from a closed bank where the depositors got nothing. Bidwill promised a change in that procedure when elected state auditor.

This district's own Bill Busse spoke to his friends and neighbors for a few moments and promised that when elected recorder of Cook county, he would surround himself with men and women who would do the work, treat the public like human beings and that the funds received by his office would not be put in Busse's vest pocket, but would be turned over to the county treasurer.

Emil C. Wetten prominent independent republican attorney of Chicago and Barrington, acted as chairman of the meeting.

The one great thing about the whole meeting which could be seen in the remarks of all the speakers and in the attitude of the crowd, was the aggressive confidence of every one. It was a united fighting republican party that was marching against the New Deal and all its works.

The candidates were confident of victory, so was the crowd; it was unanimous. There was just one answer to the whole thing and one outcome on Nov. 3—Victory, and on Nov. 3 the democrats are going to see something in Illinois that they haven't seen for a long time—a united, harmonious republican party fighting for an ideal and marching relentlessly on to victory behind Alf. M. Landon, Frank Knox, C. Wayland Brooks and the whole republican ticket.

Pedestrian Badly Injured When Walking Back to Home Station

Clyde Vivian, 36, of Gladstone Park, went to sleep on a C. & N. W. train Tuesday night, awakening at Barrington. Without carfare, he started to walk back home and had passed Palatine when he was hit by a car driven by Melvin Goodman, 7626 N. Boswort avenue, Chicago. The latter and other witnesses state that Vivian was on the right side of the highway and suddenly started to cross the pavement.

Injured man sustained compound fracture of left leg, lacerations about the head and possible internal injuries. He is at the Palatine Community hospital.

HALL AND PARK PROPOSED FOR MT. PROSPECT

Mt. Prospect Lions Club recently crystalized a thought that has been current in the minds of many residents, by proposing that some definite action be taken in connection with a "Community Center," a park and recreational facilities, as well as a proper building or "hall" where various civic and social functions could be held in Mt. Prospect.

A meeting was held between members of the various organizations in town and a petition was circulated requesting the Village Board to call a special meeting for the purpose of considering such a project. This special meeting was held last Tuesday night, October 20, and at that meeting a petition was presented to the Village Board, proposing that it take any preliminary steps necessary toward securing a grant from the Federal government to assist in the establishing of such a center.

WPA Representative Present

A representative of the government was present at this meeting and he explained the how and wherefore of making an application for a federal grant through the WPA for such a project. It developed at this meeting that certain plans would have to be drawn up as a first step in seeking government assistance and the Village Board directed its Finance committee to meet with the heads of the various organizations in town next Friday evening at which time an architect would be present who could offer some tangible suggestions as to plans, etc.

Bond Issue Necessary

The petition that was presented to the Board suggesting that it make application for a grant for a "Community Center" proposed a project costing in the neighborhood of $100,000, and it was explained at the meeting that it is possible to get 77% of the cost of such a project from the government. The other 23% must be donated by the sponsors, but it was also explained that this need not all be in cash, that certain materials, labor, equipment, etc., could be donated or used and figured as part of the sponsors share of the cost of the project. It will be necessary, of course, to float some sort of a bond issue for such a project, and that would necessitate a special election to afford the residents of the Village an opportunity to express themselves in connection with such a bond issue.

Village must acquire property

It was also brought out that such a project would have to be located on public property and that the Village would have to acquire or contract to acquire a suitable site.

Practically everyone realizes the necessity of a "Community Center" a building where the various civic and social bodies of our community could meet with some degree of comfort and dignity, also the necessity of a suitable park and recreational facilities for the younger people of our community and it is hoped that those who are actively pushing such a project will meet with success and that they will have the support of the local citizenry.

VEHICLE TAGS WILL BE READY IN DECEMBER

Discount Applies Until Feb. 1st; Motor Club Helps in Stop Signs.

1937 vehicle tags will be available to the people of Arlington Heights by December 1. The 25 per cent discount period will extend 60 days, or until Feb. 1. The village board approved Tuesday evening the above recommendation of the police department. The police department likewise reported the payment of $161 to the treasurer from 38 vehicle cases during the past period.

Alderman Schneberger announced the cooperation of the Chicago Motor club in the installation of 37 signs at a total cost to the village of about $30. Only in a few instance was the village required to purchase signs. This course has saved the municipality considerable money. Estimates a sign salesman, who appeared recently before the board, were from $4 to $7 a sign.

All street ends have been properly marked and warning and speed signs installed where the old ones had been destroyed. Euclid avenue has been made a thru street by the installation of stop signs on all cross streets of that thoroughfare. The street department cooperated with the police department in the installation of these signs.

Bushes obstructing view of autoists and pedestrians at street corners have been properly trimmed or removed. Catch basins have been cleaned, repairs made in streets and other precautions taken to get the streets drainage system "winter serviced."

The water collections for current quarter has been $4,079.03. The committee was authorized to enforce the payment of sales tax by a few consumers who have neglected to pay said tax when remitting by check.

The motor fuel tax for September that has been credited to the village totals $799.63. Authorization was given the treasurer to pay Seipp, Princell & Co. $354.18 representing two months interest due that firm in the exchange of refunding bonds for previous issue, occasioned by the new bonds being dated Sept. 1.

Bills and payroll totaling $1,847.81 were approved for payment.

Official Temperature New Service Available At Police Station

Alderman Klehm authorized the installation of a large thermometer at the village hall this week and the official temperature of the village of Arlington Heights is being recorded twice daily by the police department. So if you want to know if you should cover up your flowers this evening, call the police

Free Dance by Democrats

Final plans have been made to handle the large crowd expected at the Arlington Ball Room on next Saturday night, Oct. 24, where the Elk Grove Democratic club will be host to everyone in this territory. Painstaking care has been taken by the committee to make sure that everyone will have a grand time. Those who have attended the dances given by this organization in the past, know that they sure know how to show a good time. Every one is welcome, regardless of party affiliations. Several candidates will be introduced but there will be no long winded speechmaking. So don't forget the date, Saturday night, October 24, 1936. The place, Arlington Ball Room, Higgins road directly west of Arlington Heights road.

Music will start promptly at nine o'clock. Admission free.

TWO HOMES ROBBED IN ARLINGTON

Thieves Net $1000 in Daytime Visit; Police Issue Suggestions.

The home of Mrs. Banta, 514 N. Vail, Arlington Heights, was entered sometime between two and five o'clock Wednesday afternoon and valuables totaling nearly a thousand dollars were taken from a dresser drawer. Apparently nothing else in the house was disturbed. Entrance was gained through a rear door where a corner of a glass pane was broken.

Mrs. Banta discovered the robbery when she returned home from the meeting of the Woman's club. Chief Skoog was immediately notified and a list of the stolen jewelry has been forwarded to the Chicago police for the pawn shop detail.

Some of the articles were prized very highly by their owner on account of their associations.

Loses Sunday Roast

When Mr. and Mrs. Jos. T. Scott, 639 Mayfair road, Scarsdale, returned home early Sunday morning they found that their home had been entered sometime between five o'clock the previous evening, when they left home and their return at two a. m. After failure to gain entrance through the back door, the thief gained entrance by breaking a dining room window.

The goods taken were some keepsakes of jewelry, clothing and food from the ice box, which included the meat for the family's Sunday dinner.

From the nature of the Scott robbery, that job pointed to hoboes and the police department since that time has been keeping a close watchout for that kind of citizenry and several times have broken up the self established "hobo camp" east of Meyer's park where "men of the road" have been accustomed to congregate and cook their meals.

The robbery at the Banta home has caused the department to issue the following suggestions:

1. Keep valuables in a safety deposit box.
2. Lock your home securely when you leave it.
3. Keep your eye upon the home of your neighbor, especially when you know she is not home; report to the police any suspicious signs.

The Arlington Heights police can be reached at all hours of the day or night by calling No. 6.

Pre-Nuptial Shower Given Miss Minnie Heide

Minnie Heide, of Schaumburg, was pleasantly surprised last Wednesday night, when a group of relatives and friends met at the home of her sister, Mrs. Wm. Luettschwager of Arlington Heights, for a bridal shower.

The living room was beautifully decorated in blue and white. A sprinkling-can of blue and white crepe paper which hung from the chandelier poured down many beautiful and useful gifts. There were about thirty-five guests present. The evening was spent in playing airplane bunco and cards. A delicious lunch was served at midnight by Mrs. Luettschwager and her sister, Mrs. Charles Trost of Fairfield.

Miss Heide will become the bride of Mr. Hugo Heimsoth of Arlington Heights, soon.

Legion Post Announce Annual Armistice Day Ball, November 7

Merle Guild Post of the American Legion has leased the newly constructed Itasca Country club for their annual Armistice Day ball, which will be held Saturday, Nov. 7. Miles Burpee is the chairman of the committee and a crowd even larger than last year is expected—that is the reason that the above country club has been secured for the event. Music will be by the Chantecleers.

Rep. Women's Division Northwest Towns To Hold Public Card Party

The Women's Division of the Northwest Towns Republican club will hold a card party Monday evening, Oct. 26, at 8 o'clock, at the Presbyterian church Recreation hall, Dunton and Eastman streets, Arlington Heights.

There will be door prizes, individual table prizes and refreshments to be served immediately after the party. Both ladies and gentlemen are invited, and everyone is urged to come out and get acquainted with your neighbors.

Farm Kitchen Damaged by Fire

The Mt. Prospect fire department was called out Monday morning to the Conrad Wille farm on Wille road where a summer kitchen was on fire. The firemen with the use of their pumper, extinguished the blaze, but the interior of the building was "burned out."

The structure was used for washing purposes and a large caldron kettle was heating at the time, but no one was in the building when the fire started. Insurance was in the Des Plaines company.

Township Assessor Opens Office in Peoples Bank Bldg. for 10 Days

The 1936 personal property schedules have been received by Mr. J. Fred Meyer, township assessor for Wheeling township from Assessor John S. Clark.

The schedules are to be filed within ten days at Peoples State Bank building, where Mr. Meyer and his assistants will help property owners fill out their schedules and make the oath without cost. Office hours are from 8 to 12 a. m. and 1 to 4 p. m. daily.

The rules for filing schedules have been simplified by Assessor Clark, so that property owners may better understand the methods and procedures in filing their personal property schedules.

Prompt filing of schedules will eliminate penalty assessments, make the resultant tax bill lower, and expedite the work of the township assessor.

Art Ware Shop Opens In Arlington Heights

The Evergreen Gift Shop which handles distinctive gift and art ware opened Saturday at the corner of Evergreen and Miner streets, opposite Arlington theater. The proprietor is Miss Eleanor Bennett of Oak Park, formerly of Marshall Fields. The interior of the shop, exhibiting excellent taste was planned and decorated by Miss Bennett, herself.

The shop will feature the famous Rookwood pottery which is a distinction for Arlington Heights as it is possible to obtain this ware only in the larger cities of the United States.

Beautiful display features are the aquaflorium and water fountain which Miss Bennett originated.

MAXIMUM LEVY FORCED ON ALL TOWNSHIPS

State Demands Townships Use Tax Warrants; Relief Levy Must Be 30 Cents.

All township supervisors have received notices from the Illinois Emergency Relief Commission that "after November 1 no money shall be allocated to any county charged by law with the duty of providing relief . . . or to any other governmental unit charged by law with the duty of providing relief . . . unless such county or other governmental units, as the case may be, has levied the maximum amount of taxes for relief . . . which said unit under the law may levy, without referendum, for such purpose."

This means that every township must levy the full thirty cents, whether or not that township needs that money or not. It means that the tax payers of Wheeling township must assess themselves the full 30c levy amounting to $16,000 if any share of the state relief money is to be available for that township.

It means that in Palatine township, whose voters authorized only a ten cent levy, that levy must be increased three times or there will be no state relief money for that township after Nov. 1.

When local supervisors received their allocations for October they were alarmed over the small amount of the state money that was to be available. The state relief office in arriving at the figure took into consideration the amount of relief money that could be obtained by said townships if they sold township tax anticipation warrants.

A few days later, new allocations were received by the supervisors with the information that a decision of the attorney general had been made that until Nov. 1. the full share of money due the individual township must be paid, regardless of efforts of said township to raise its own relief funds. Accompanying such notice was a letter stating that the extension of time for full 30c tax levy had been made to Nov. 1.

Supervisor Grandt of Wheeling township has used only $100 of township money for administrative purposes during the past three months. The state money expended has been in the neighborhood of $2100 a month.

Supervisors Lower Relief Costs

An example of the saving in total relief costs when township supervisors handle the work is demonstrated in Wheeling township. When the supervisor took over the work, the suggestion was made that he hire four investigators at a salary of $150 a month. This money would have had to be paid out of township relief tax. During the three past months, the cost to Wheeling township tax payers would have been $1800. Mr. Grandt and his office has only spent $100 of the township's money—a saving of $1700 for the people of the township.

In an effort to save the tax payers from being assessed some $16,000 (which is more than all other townships taxes) the town board in their tax levy stated that the township only needed $6,000. The state relief agencies objected to such limitation and an amended levy for the full three mills has been filed. It is admitted by Chicago relief agencies that perhaps the township will not need that money, but the money must be collected from the tax payers, even if it just remains in the bank.

The Wheeling relief load for the month of October will be in the neighborhood of $4,000.

Jury Gives Verdict To Employee

Harry Rasmussen, who until ten days ago was a linotype operator in the office of the Des Plaines Journal was awarded a verdict of $249.50 against Wm. Fabien, editor of that publication, Tuesday in a jury trial in the justice court of Willard Beer at Mt. Prospect.

Rasmussen was employed by Fabien between May 1, 1934 and Dec. 1st of that year, part of his salary to be a percentage of the profits for that period. No defense was made by Fabien regarding the amount due Rasmussen but he asked for a jury which upon the evidence, awarded Rasmussen the full amount he claimed, less 50c.

A bond of $500 was immediately posted by Fabien and the case appealed.

A second suit will be started by Mr. Rasmussen next week against the Des Plaines Journal, incorporated, of which Mr. Fabien is the president. The latter suit will, according to reports, be for over $2,000 representing wages due the plaintiff since Dec. 1, 1934.

ARTHUR GROSE SELLS HOME PROPERTY

Arthur Grose, the genial mail carrier, has sold his home place to Jacob Kerher, who will take possession Nov. 20th. The Northwest Realty were the brokers.

ALBERT DE PUE
Local Manager Pal Tehatre

Young Man of Palatine Appointed as Manager Of New Pal Theatre

Mr. Arthur Woodnick announced this week that he had selected Albert DePue as manager for the New Pal Theatre. In giving Palatine Western Electric Co., very latest and best Mirrophonic sound equipment, good vision and comfortable seats, and showing the very finest and most beautiful pictures ever filmed, it will be a glamorous theatre season, so don't miss the brilliant opening fete which the business men of Palatine have arranged for the big social event, join in with the throng, get in the big parade and make our town a gayer spot to live in.

NATIONAL BANK CHARTER IS EXPECTED SOON

Final Papers Forwarded to Washington; Call Is Made to Stockholders.

Following the public offering of stock in the Arlington Heights National Bank, as announced in last week's Herald, the final list of stockholders were forwarded to Washington this week and the receipt of the charter is expected very soon.

The Continental National Bank has been designated as the depository for the receipt of stock subscriptions and a call for their payment will be made this week. The above bank officials have informed the directors of the new bank that all of the preliminaries required by law to the opening of the bank have been met and the date of actual opening depends upon the speed with which the stock subscriptions can be collected, supplies secured and the last details compiled with.

Wheeling Township Collects From Owner of Thistle Infected Land

Andrew Blaese, of Glenview, paid to the township of Wheeling on Oct. 6, $264, representing judgment and costs for the cutting of thistles upon a farm owned by him on Palatine road. Attorney Knox handled the case for the township and thru his efforts the judgment was issued which resulted in payment in full of the suit and costs.

This case was one that attracted a great deal of attention. The owner neglected to rid his land of thistles. The thistle commissioner hired the work done and billed the township, which in turn entered suit against the owner. The township board feels very much elated over the success of the suit and the example it establishes.

Gieseke's Store This Week Features Sale of Popular Centrella Foods

This week Gieseke's offer a Centrella foods sale, featuring a complete line of canned goods at genuine "stock-up" prices. Every family in Arlington Heights can afford to check the pantry this week and lay in a store of this well known brand of canned goods. Whatever you need Gieseke's have it on sale this week.

Explosion Rocks Palatine—Truck Tire

About midnight Monday the north side of Palatine was "rocked" by an explosion—so said the numerous inhabitants who were awakened at that hour very much alarmed. Investigation by the police department revealed that a truck tire blow out had caused the disturbance.

Hallowe'en Masquerade Party at Old Orchard Club Saturday, Oct. 31

A Hallowe'en party and dance will be given at Old Orchard clubhouse, Rand road (Route 60) and Euclid avenue, Saturday evening, Oct. 31. Music by Eddie Bade and his revelers. Prizes for best costumes. Entertainment for all. No cover or minimum charge.

OPENING OF PAL THEATRE A GALA EVENT

Lions Club, Business Men and Citizens To Participate in Parade.

Pal Theatre, the new movie house at Palatine will have a gala opening Saturday with the feature, "The Princess Comes Across." While the doors will open at 1:30 for the matinee, the evening performance, or official opening will be preceded by a community parade that will start at 6:30 at the village hall.

The people of Palatine have entered wholeheartedly into the advent of a movie house in its own community. Until this time, Palatine has probably been the only town of over 2,000 inhabitants without such a theatre. The Selp auditorium has been completely remodeled and modernized, both exterior and interior and with the installation of comfortable leather upholstered seats, wide isles and perfect sound, that town will have as nice a movie house possessing a home atmosphere, as any other town in the Chicago suburbs.

The owners of the theatre are John Dellman and Arthur Woodnick, both experienced Chicago movie house men who have strong connections with the film industry. A total of $7,000 has been spent for equipment and alterations. The very finest sound obtainable, the latest projectors have been secured. The proprietors spent some time looking for a good location. They were told by Chicago movie men, that Palatine with a population of 2,100 people was entitled to its own movie house and the right kind of a house should be a success there.

Messrs. Dellman and Woodnick are very much pleased with the support that has been given to them by the people of Palatine. They will bring good pictures to Palatine that will be worth waiting for as soon as they can be released and if given half a break by the public, their business venture will succeed.

Business men generally and members of the Lions club look to the opening of this theatre as the beginning of a new era for the business district.

Many Guests Attend Reciprocity Day Of Woman's Club

A gorgeous autumn day formed the backdrop and setting for a perfect Reciprocity Day, Tuesday, October 19, observed by the Woman's Club of Palatine.

With words and verse appropos to the occasion, Mrs. Stuart Paddock, president, greeted a large audience of club guests, club members and their guests, and began her introduction of visitors by presenting Mrs. George Harriman, 7th Dist. President.

Mrs. Harriman listed the following events for the consideration of the interested club woman:

(a) District Art Day on Thursday, October 22, at 520 Fairoaks avenue, Oak Park, where a studio, garden and miniature art collec-

(b Regional Institute Thursday, October 29, at Sherman Hotel, Chicago.

(c) Pound Party for Little Wanderers, on November 5.

(d) District Card Party on November 12 at Mandel Brothers, featuring a fashion show and tea.

Mrs. Paddock introduced Mrs. Osmund Vinge, Corr. Secy. of 7th Dist., who urged club women to keep "marching with the stars."

Next in order were Mrs. Jaquith, Mrs. Andin, program chairman, Mrs. Meyer, garden chairman and Mrs. Stewart, advertising manager for Illinois Federation News, representing the Edison Park and Irving Park Woman's clubs.

The Altrui club, Lake Zurich Woman's club, Norwood Park Woman's club, Arlington Heights Woman's club, Des Plaines Woman's club, and Argo Woman's club were also represented.

Mrs. John Reusser, program chairman, introduced Mrs. R. A. Bennitt of Barrington, whose "Adventuring Down the Andes" provided an intimate glimpse into the lives, customs and environment of the South American Indian.

Ninety percent of the inhabitants of the Andes are Indians who are dominated by the 10 per cent of Spaniards who centuries ago conquered them.

The Indians are exceedingly superstitious, utterly illiterate and cursed by the habit of chewing coca leaves mixed with lime which produces a state of stupor enabling them to endure hunger and the perpetual cold of their mountain habitations.

Yet this race ruled by the Incas of centuries past achieved a civilization far superior to any as ruins of sun temples, viaducts and stone buildings not entirely destroyed by the conquering Spaniards indicate.

Despite their apparent apathy toward their subservient condition, they manage to extract gayety, color and pleasure from their many feast days and religious celebrations.

A&P GOOD STORES

Imagine..TREE-RIPENED FRUIT AT THESE PRICES!

"We'll bet YOU NEVER KNEW
• That dried fruits retain every ounce of fruit and fruit sugar that was in the fresh fruit. • That they are not harvested until fully-matured and tree-ripened. • That they are an energizing food.

• Here they are! This year's crop of fully-matured, tree-ripened California fruits—with most of their natural water removed to reduce shipping costs and lower prices. Take advantage of this special offer today!

More Adults Wanted For Recreation Program

Monday and Thursday—Basketball and Volley Ball for boys.

Tuesday and Friday—Dramatics and handicraft, all ages.

Wednesday—Girls and women only.

These are subject to change.

The above schedule is now in effect for the recreational program now in progress at Meyer's Park. The attendance has been very gratifying, but more adults are urged to come out. Mrs. Watson, the project superintendent is now making plans for a Hallowe'en party dance to be given Oct. 30. Young and old are urged to attend.

At the last meeting of the recreational association, Mr. Paul Taege addressed the gathering on the report of the Association of Illinois Park Boards, whose convention was held recently in Peoria. He was privileged to see several large recreational centers in operation and his enthusiasm was such that the local association is determined to do bigger and better things in a recreational way. Our own project has been carried on for the past two years by a small committee and with very little cooperation from the citizens of Arlington Heights. They still have their backs to the wall and need the financial support of the general public to the extent of about $30 per month. This is a worthy, worth while movement and all citizens are urged to participate in it and also help support it. How about it folks, let's go!

P. T. A. MEETING

The P. T. A. met at the South school Tuesday evening. The meeting was opened with community singing, followed by a short business session.

Dr. F. C. Rosecrance of the University of Chicago, gave a very inspiring talk on "Building a Sane World for Youth."

Light refreshments were served by the committee.

cation of first "Tithe Offering."

"For with what measure ye mete, it shall be measured to you again."

All welcome to our services.

Rosary Society, first Sunday of each month at 2 p. m.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 18.

The Golden Text was, "Christ is not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to appear in the presence of God for us" (Hebrews 9:24).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For the grace of God that bringeth salvation hath appeared to all men, Teaching us that, denying ungodliness and worldly lusts, we should live soberly, righteously, and godly, in this present world; Looking for that blessed hope, and the glorious appearing of the great God and our Saviour Jesus Christ; Who gave himself for us, that he might redeem us from all iniquity, and purify unto himself a peculiar people, zealous of good works" (Titus 2:11-14).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds. To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done" (p. 4).

Shirley's Songs Are The Nation's Hits

Shirley Temple is Hollywood's ace "song-plugger."

During production of "The Poor Little Rich Girl," her widely heralded new Fox hit coming Sunday and Monday to the Arlington Theatre, Louis Silvers, head of the Twentieth Century-Fox music department, enumerated the various song hits that Shirley has introduced to the screen.

Her record to date is eighteen and, according to Silvers, many of these numbers are bound to find a permanent place in the folk-songs of America.

Just as children for years to come will sing of "the big bad wolf," so will they warble "Animal Crackers in My Soup" and "On the Good Ship Lollipop," Silvers believes.

Two old classics were incorporated into Shirley's pictures, with added verses for the curly-haired star, and music publishers report an astounding demand for them—"Love's Young Dream," from "The Little Colonel," and "Polly Wolly Doodle," from "The Littlest Rebel."

Since Mistress Temple made her bow in feature pictures for Fox back in 1933, she has introduced the following songs:

"Baby Take a Bow" from "Stand Up and Cheer;" "On Accounta I Love You," from "Baby Take a Bow;" "Laugh, You Son of a Gun," from "Little Miss Marker;" "The World Owes Me A Living," written by Irving Berlin for "Now and Forever;" "On the Good Ship Lollipop," from "Bright Eyes;" "Love's Young Dream" from "The Little Colonel;" "Our Little Girl" from the picture of the same name; "Animal Crackers in My Soup" and "When I Grow Up" from "Curly Top;" "Polly Wolly Doodle" from "The Littlest Rebel;" "Early Bird," "At the Codfish Ball" and "The Right Somebody to Love," from "Captain January."

"When I'm With You," "But Definitely," "Oh, My Goodness," "Military Man" and "You Gotta Eat Your Spinach" all from "The Poor Little Rich Girl," complete the total.

Auxiliary News

This has been a busy month for all members of the Auxiliary, installation, council meeting, unit meeting, board meeting and district meeting has kept every active member continuously on the go. The installation was by far the most important to Merle Guild unit and was a very successful affair. A large crowd attended and Dorothy Neubauer and her officers were duly installed for the coming year. The entire unit is looking forward to a busy year of service work, social activities and patriotic programs.

Seven members: Dorothy Neubauer, Jeannette Pecchia, Etta Fitzpatrick, Iva Jones, Berneice Forszen, Fanny May and Antoinette Miller attended the district installation held at Logan Square Thursday evening, October 15. Mrs. Helene Omlie is the Ninth District director for the ensuing year Mrs. Jeannette Pecchia a past president of our unit was given the most important chairmanship in the district for the year—that of Americanism. Mr. Applequist, department senior vice commander of the American Legion, gave a brilliant talk on the subject of Americanism and told of the value of sending a boy to the Boy's State.

A board meeting was held Tuesday afternoon, October 20, at the home of President Neubauer. All officers and chairmen were present. The same evening the officers of the unit met with the Executive committee of Merle Guild Post to discuss current problems effecting both organizations.

The following is to announce the start of our activities—On the evening of Wednesday, November 18 at 8:00 p. m., a card party will be held at the Presbyterian church hall—save the date, as an enjoyable time is promised and as we always have lived up to our promises in the past, so we now assure you of an evening well spent—there will be something different in the way of table prizes; refreshments will be served and all this for the sum of twenty-five cents (25c). Remember the date: Wednesday, November 18, 1936; time. 8:00 p. m.; place, Presbyterian church hall; admission, 25c.

South Side Breezes

Mrs. M. H. Lawbaugh of Manning, Iowa, is visiting her son, Ray Lawbaugh and family for a couple of weeks.

Mrs. Branch of Chicago is visiting her daughter, Mrs. Joseph Wisersky this week.

Sunday was such a lovely day, Mr. and Mrs. Gus Schaeffer and children drove to Marengo to visit Mr. Schaeffer's parents.

A baby boy, Dale Williams, was born Oct. 10, to Mr. and Mrs. Edwin Meyer, So. Walnut. Congratulations.

Friday, October 16, nine little girls were guests of Nancy Crumlisch in honor of her ninth birthday.

Saturday, October 17, Katherine Hines celebrated her twelfth birthday with a luncheon for a few friends. Miss Irene Russell was the honor guest.

The Gleaners Circle will meet Oct. 28, at the home of Mrs. I. D. Allison, So. State road. If you have any discarded clothing, will you bring it, to be distributed to the needy.

Mrs. Daniel Crumlisch was called Tuesday to Fort Atkinson, Wis., because of the illness of her father.

Mrs. Alena Samuelson is staying in Chicago at the home of her son while her daughter-in-law is away caring for a sick relative.

Mr. and Mrs. Hugo Behrel, Mr. and Mrs. George Pfingsten, and daughter, June, and Mrs. Wm. Kopplin, spent Sunday in Downers Grove visiting Mr. and Mrs. Wm. Bush, former Arlington Heights neighbors.

Saturday evening Mr. and Mrs. John Sujack entertained the following friends who are from Chicago, Mr. and Mrs. Gregorson and daughter, Joyce, Mr. and Mrs. John Unterberg, Mr. and Mrs. Floyd Dulane and Mr. and Mrs. John Hedge. The men in the party are all a part of the Commonwealth Edison drum and bugle corp which won the national championship at the Legion convention held recently at Cleveland. Mr. Sujack entertained the group with movies taken at the convention.

Mr. and Mrs. Walter Geisser have moved from So. Mitchell to 120 So. Highland.

The Gleaners Circle of the Methodist church will hold its annual food sale and entertainment Friday, October 30, at 2:30. All kinds of baked goods will be sold, but the ladies are preparing two specials—baked beans and doughnuts. Doughnuts for Hallowe'en is as usual as turkey for Thanksgiving, so remember that Hallowe'en is close and get your doughnuts at the church. They will be made there. You won't be able to resist the tempting smell of hot doughnuts, so for 10 cents you may have coffee and doughnuts there. The entertainment begins at 3 o'clock. There is no admission charge.

NOTICE

The Arlington Heights Parent Teacher Asso., chorus will meet Monday evening, Oct. 26, at 8 o'clock at the South Side school. Mr. Theo. Militzer will direct. All who enjoy singing are cordially invited, last year's members please bring your "Gray book."

We are looking forward to a concert during the year, if attendance is large enough. So please come to the first meeting and join the P. T. A. chorus on Oct. 26, 8 p. m.

CHILD STUDY MEETING

Child Study meets at the south school Thursday afternoon, Oct. 29, at 3:30 o'clock. Mrs. B. H. Jarvis will give very interesting talks on pre-school subjects. Everyone interested in your child's welfare are invited to attend these meetings.

Age of Constitution Framers

The average age of the framers of the Constitution was forty-three years. Twenty were under forty. Benjamin Franklin was the oldest, eighty-one. Jonathan Dayton the youngest, twenty-seven.

Arlington Heights O. E. S. Chapter News

October 8 was a very special night in our Chapter, it being Worthy Matron's and Worthy Patron's night. The acting officers of the evening were Florence Steinbrinck, Palatine, W. M.; Rudolph Pinkel, Theodosia, W. P.; Anna Gerbert, Wheeling, A. M.; Hugo Dahm, Des Plaines, A. P.; George Ward, Wheeling, secretary; Alvin Steinbrinck, Palatine, treasurer; Katherine Reed, Lounsbury, Cond.; Anna Carlson, Campbell, A. Cond.; Hattie Wesling, Deerfield, Chap.; Katherine Preston, Lake Forest, Martha; Erna Meinhardt, Edison Park, Adah; Ethel Pinney, Des Plaines, Ruth; Muriel Bredfield, Norwood, Esther; Florence Jones, Park Ridge, Martha; Alexander Robinson, Lounsbury, Warder; all worthy matrons of their respective chapters.

Helen Price, our own organist, served as organist; Bertha Edwards a member of Theodosia chapter, served as Electa; Irving Tesch, a member of Arlington Heights, served as Sentinel; Annabel Tesch, our own soloist as soloist.

Sister Florence Steinbrinck was escorted by her officers, presented with flowers from Arlington Heights, welcomed by Sister Frances in the east, after which the soloist welcomed her in song. Her officers presented her with a gift.

Under escorting we all had a very pleasant surprise, when Sister Celia Hausam and Sister Alma Tesch were escorted and introduced as members of the eligibility and credentials committee respectively of the grand chapter.

Sister Tesch sang for us and as usual we enjoyed every minute of it. We were glad to see so many visitors and hope they will all come again. After the meeting closed, delicious refreshments were served by Sister Irene Hauff and her committee.

Plan Reception

On Oct. 22, Arlington Heights chapter is giving a reception for Sister Celia Hausam of the eligibility committee and Sister Alma Tesch of the Credentials committee of the Grand Chapter of Illinois. This reception will begin at 7:30 p. m., after which we will hold our regular stated meeting. At the close of the stated meeting, Sister Pankonin and her committee will have charge of a penny social.

WOMANS CLUB

Omission from the club write-up last week, the greeting of the new club president happily and sincerely expressed her cordial welcome to new members, to each of whom received a rose or other nose gay. Her reference to the auspicious opening the large attendance and her hope and desire that the new members and those older members reinstated would find the year a helpful happy one to all. How the mistake of leaving off so large a part of our writeup, we do not know. We are sure it was unintentional and believe it was a mistake. Can only say we are sorry.

Wednesday, October 21, the club gave a theater party at the Arlington Theater.

October 29, tour of Walgreens laboratories. Amling greenhouse.

October 29, annual Regional Institute at the Hotel Sherman, Chicago.

Little Wanderer's Day Nursery, 2116 West Chicago avenue, announces following dates: Nov. 5, Pound party; Nov. 24, annual card party.

ARLINGTON HTS.

What is the news? It comes flash! flash!
From everywhere with cry and crash;
Debates and dissertations rare,
In headlines and over the air;
Yet little of our town we know,
We'll give the best as one we go;
Churches and schools each in its place,
Do their big part in the news race;
Just watch to learn their latest caper,
You'll find it all in your home paper.

Read our home merchants advs. and find their brand of coffee and jello is as good, if not superior to any outside salesman's brand. Boost for home trade.

Ideal weather for autumn games and round ups. Great for maturing fall crops, even the potatoes keep their eyes open.

All the leading men in both political camps we have the privilege of hearing over radio or megaphone without seeing their grimaces.

Mrs. Wittbold from Des Plaines was a guest at the McNally-Pate wedding last week.

Mr. and Mrs. Elliott entertained a group of friends in their home Monday evening this week as a goodbye to Rev. Whipple, as he goes to his new appointment over Memorial church in Chicago.

A reception was given to Mr. and Mrs. Joseph Peter Muran, Jr., in the home of his parents, Mr. and Mrs. Joseph Peter Muran, on North State road, Saturday last week. The new Mrs. Peter was Anna Magdeline Herff of Prairie View.

Mr. and Mrs. William Wilke and Mrs. Friese visited their friends, the Reimer family, in Chicago, Sunday.

Mrs. H. C. Cleveland left here Saturday to visit her son, Prof. Wm. Cleveland and family in their home at Bloomington, Indiana.

Mrs. George E. Peterson is spending Thursday as guest of a friend in Chicago.

Mr. Emil Taege was recently stricken by a stroke and was taken to a Chicago hospital where he has not yet recovered.

We are sorry to hear that Miss Margaret Garland, daughter of Mr. and Mrs. William Garland, has been stricken dangerously ill and is in a hospital. Her father gave a blood transfusion last week, hoping to aid in her recovery. Yet so far she is seriously ill.

Mrs. Edward Fritz tells us of the first autumn blue violets. Her little daughter, Laura, came in with a handful of real blue violets one day this week. Just like little Laura to find them.

Mrs. Anna Schiming Bluhn called on old friends in the Heights last Sunday. Since her marriage her home is in Chicago.

The Bruhnke-Peters family took Carol to the Zoo at Brookfield Sunday. We can remember when we older ones who had no children as an excuse for going to the circus had to borrow from a friend. Well I'm sure Carol gave her family a grand time at the Zoo.

Mrs. Elizabeth Guild was a Sunday dinner guest of her son, Bruce and family. After dinner they took her for a long and enjoyable ride over the land of gorgeous autumn scenery that bedecks our land everywhere.

Miss Adele Adam, who teaches in Kenosha, spent last week-end in her mother's home in the Heights.

Mrs. Elsie Krug and friend, Mrs. Fritsch from Reedsburg, Wisconsin, were guests of Mrs. Edward Freise and family during the past week.

Some of the older residents here were surprised and pleased to learn that the new Methodist pastor, Rev. Chester Laughlin is the son of our old friends, Dr. and Mrs. Laughlin, and is the same Chester Laughlin we remember as a little boy way back in the grades. We join in giving him welcome greeting.

Glad to hear that Richard, the son of Mrs. and Mrs. Wm. Wilke, has been transferred from the store in Antioch to be in the National Tea company new building at Park Ridge near enough so he can be at home.

Mrs. Ed. Cook of St. Louis is now convalescing in the home of her sister, Mrs. E. A. Elfeld, and is so far recovered from her severe illness as to be able to ride out.

Mrs. Harvey Winkelman entertained a company of friends in her home Monday afternoon. Cards, games and choice refreshments made it a pleasant affair.

Monday evening Mrs. George Peterson of North Dunton avenue, with her daughter, Mrs. Dorothy Harris, were hostesses to the Methodist Missionary society. An instructive program and choice refreshments made it a happy evening for all.

Monday was the fifth birthday of our bright little neighbor boy, James Fricke. His sister, Miss Harriette had a busy time marshalling and entertaining the squads of neighborhood children who gathered to help Jammie know how old he was. We are sure Miss Harriette was the one who could master high school problems, could easily keep in ranks this host of her little brother's guests and give them a good time.

Mrs. Harold Glave entertained a party in her home Tuesday afternoon, with contract bridge. It was a delightful entertainment, choice refreshments and good natured, vigorous games "all according to contract."

Mrs. Herbert Hammerl entertained a company of neighborhood guests in her home on North Haddow avenue Wednesday, as a goodbye to Mrs. Clarence Stadtler, who has been planning to go from the Heights this autumn. The party was a pleasant get-to-gether. The guests all hoping the Stadtler's will make up their minds to stay with us.

Mr. and Mrs. Edwin Nebel, of Elgin, will celebrate their 10th wedding anniversary Friday, which event will be attended by relatives residing in Arlington Heights and neighboring tows.

The Misses Olive Cochran and Helen Blume of Arlington Heights and Mr. Ernest Mathews and Bruce Stewart of Chicago, attended the football game Saturday between Northwestern and Ohio State. What a game!

Mrs. Mary Wood and her sister, Miss Chambers, of Chicago, were Sunday guests of Mrs. F. A. Whiting. After dinner they took Mrs. Whiting for a long auto ride thru all the miracle of autumn color and beauty spread everywhere. Mrs. Whiting says the lingering beauty of all she saw makes her dizzy yet when she visions it.

Mrs. Brehm from Chicago, who was formerly a citizen of Arlington Heights is now the guest of Mrs. Sam Fehlman for a few days.

Word received here by friends tells of a daughter born to Mr. and Mrs. Fred Miller of Aurora, born Friday, October 16. Mrs. Miller is the daughter of Jessie Wayman-Kulin, daughter of Mr. and Mrs. L. B. Wayman. So, you see, if the Waymans hadn't been in such a hurry to get away to their winter home in Texas, they might have been here to greet their first great-granddaughter.

Mrs. N. C. Volz of Long Beach, California, spent a few days with friends here in her old home town as she was returning from Washington, D. C., where she was sent as a delegate from her post of the Daughters of the G. A. R. Mrs. Volz left here last Saturday to visit her sister's children in Iowa until her ticket for home expired. When Mrs. Volz lived here, her home was in her mother's home, the old Reisner property now the home of Mrs. Fred Schmitt. We all missed Mrs. Volz and her mother from our old neighborhood circle.

The Friendly class are planning to give a dinner Friday this week in honor of their pastor's silver anniversary in the gospel ministry, to be given in the church dining hall.

Mr. and Mrs. Arthur Schmitz gave a party at their new summer home on the Fox River in honor of her brother, John Burkitt's birthday, Saturday, October 17. It's a far cry from the long ago when Hazel and her little brother, John, used to chase trains on the railroad side for a ride in the "Kaboo" as dear little Hazel called it. We are sure Mr. and Mrs. Arthur Schmitz made a happy party in that riverside home for their brother guest.

The old time Mother's club are planning for a Hallowe'en party October 31. Place not yet designated.

Our local theater is coming to be the center of all social functions, yes and political too. Monday night this week it was open to the largest Republican meeting held in this year. The crowd in attendence was too great to get into the theatre, but the speakers voices were carried all over the town by means of a loud speaker—yes, we all heard.

Mrs. Elizabeth Foresman has opened a salesroom on North Dunton avenue for the disposal of antique articles, a new venture in which she will achieve success.

Mrs. Max Adam went this week to spend a few days with her son, Edward, at his place of business at Marinette, Wis.

James Lunz, after a long lingering illness, died in the family home in Texas. James was the son of Anna Yaeger and George Lunz, and has been treated for many months in a hospital at St. Louis, where after several operations for tumor at the base of his brain, long patient suffering, hope at last gave way and feeling there was nothing but merciful death, could relieve her son, his mother took him to her home in Texas, where he died October 14. The funeral and burial took place October 16.

ARLINGTON ON ROAD TO CHAMPIONSHIP

Defeat Barrington Eleven 6 to 0 In Exciting Game Cardinal Missed Two.

In a bitter, see-saw battle Arlington got past the Barrington Bronchos Saturday by the slim margin of one touchdown. The largest crowd of local fans to turn out so far this season had thrills enough for several games as the teams alternated threats at enemy goal lines. Opportunities galore to sew up the victory were tossed away, amid groans from the sidelines, as attacks faded and died in the shadows of the goal posts. In a mocking gesture, fortune handed the prize to the fluttering Cardinals by way of a fumbled punt, recovered by Captain Turner on Barrington's 19 yard line. From there Arlington marched over, to make the only score of the game.

Cold figures, as frigid, as the blasts which swept across the field, give Arlington a decided edge over the losers. But in actual play the Cards were no better than even, and often far less. Outgaining Barrington by 156 yards to 112, piling up nine first downs to five, and holding an advantage in punt yardage, Arlington was still lucky to win. The Broncho superiority lay in co-ordination and versatility of attack. Hard plunging was judiciously sprinkled with passes which connected for nice gains. Only a series of fine defensive stands saved the game for Arlington. Barrington made two of the same, but, caught flatfooted mentally after a fumbled punt which Arlington recovered, permitted the Cardinals to gain a lead which was never relinquished. In fairness it must be said that the winners knew a break when they saw it, and cashed in.

Most of the first quarter was spent by both teams conservatively, feeling out the opposition for weaknesses, and punting. Late in the quarter Arlington started a drive consisting chiefly of plunges inside and outside tackles which carried to the eighteen yard line as the gun cracked.

Resuming in the second quarter they reached Barrington's four yard line, where they were not only held but driven back. From the eight yard line Grabenkort booted to the forty one. A completed pass, pulled in by Turner, put the ball on the twenty-five, but the next pass went astray as Barrington intercepted on the nineteen. Cadwallader booted a quick kick this time and the ball went out of bounds on the Barrington forty nine. Failing to gain, Arlington called on Kopplin to punt. His end-over-end punt came bounding at Tichy, Barrington safety man, who tried to take it on the run but saw it bounce badly off his knee. Turner swooped on it for a fine recovery. Faking, driving off tackle and sweeping the ends, Mayerck and Mueller carried the ball over. On the final play, the Barrington secondary was completely deceived, standing flatfooted as Mueller swept through. The place-kick for extra point was carried a yard wide by the wind. Score: Arlington 6, Barrington 0.

Barrington chose to receive the kick-off and soon punted. On the first play thereafter from the twenty-three yard line, Arlington advanced to the thirty and lost the ball on a fumble. Barrington's first big opportunity had arrived. An attempted end run lost three yards, a plunge gained six to the twenty-seven. A pass to the right end on Arlington's fifteen yard line bounced into his hands, was juggled twice, and fell out. An attempted field goal was low and quite wide. Two plunges by Arlington finished play for the half. Score still 6-0.

At the opening of the second half Barrington received the kick-off on the fifteen yard line and returned fourteen yards. Two plunges failed and Grabenkort punted thirty-five yards. Arlington tried a plunge which resulted in a fumble, but the Cards recovered. A quick kick of forty yards gave the Bronchos the ball on their own twenty-four. Then things happened. Cadwallader plunged seven yards, then drove seven more for first down. Grabenkort made three and then one. Annen, Duthorne and Harrah made the tackles. Cadwallader passed thirteen yards to Arlington's forty-five yard line for another first down. Grabenkort's seven yard plunge was ended by Annen. Cadwallader made two against Baxter's mid-section. Grabenkort hit right guard for four and a first down, with Annen tackling. A reverse to the left netted one yard as Harrah stopped the play. The steam was going down steadily now in the Barrington boilers. Cadwallader faded for an attempted pass and Hanauer swarmed all over him for minus five yards. Coming back for more, Grabenkort tried to run Hanauer's end, but gained only one yard. A short punt went out of bounds on Arlington's twenty-seven.

When a plunge failed, Kopplin booted twenty-eight yards. The Bronchoes took up the march again with a six yard plunge and an eleven yard pass. From Arlington's thirty-three yard line, Grabenkort and Cadwallader alternated plunges, gaining nine yards and thirty inches and losing the ball on downs. In two plays Arlington lost fifteen yards and had to kick from the eight yard line.

Start Drive To Promote Interest In High School

During the past week, students of the Arlington Heights high school participated in "Loyalty Week," and through their own efforts considerable enthusiasm was generated in school activities, and several new organizations were added to the program.

In order that the most good can be derived from a high school education, it is necessary that not only the student body become actively interested in the programs maintained, but that the parents and citizens in general encourage by their support and interest the efforts made by the school to develop the young people of the community.

It is hardly understandable to school people, how parents can have children participating in activities and rarely if ever go to see and hear them perform. It should not have to be the teachers who encourage and comment on a good piece of work done by a student; for how much more it would mean to a boy to have his own dad or mother show a measure of pride and approbation in his efforts, after a gruelling game of football or some other activity which required many hours of work in preparation.

A large proportion of the young people who participate in the athletic contests or musical programs, play time after time without either parent seeing them "under fire." Not only is the boy or girl deprived of approval from those who mean most to them, but the parents are missing a chance to really become acquainted with, and enjoy their own children.

By providing an efficient and well trained teaching staff, a clean and well equipped building, high standards of scholarship and achievement, and still holding the pre-pupil cost to taxpayers to among 3 lowest schools in cost in Cook or nearby counties, the Board of Education has merited the gratitude of all residents of the school district. Nevertheless, the number of votes cast at a school board election is small thanks for the time spent in studying school problems by board members.

Schools are maintained only for the benefit of the children of the district, and the will of the residents should determine the conditions under which their school is to operate. Placid indifference has never yet had a part in the improvement or construction of anything tangible, and the only way elected representatives can know the desires of those they represent, is for approval to be expressed or desired changes recommended.

Know your children and what they are doing; see them not only in the home but in their school life and activities, and be actively a part of all school elections.

CLASSES COMPLETE ORGANIZATIONS

At a meeting held the past week, the Senior class of the Arlington Heights township high school elected the following officers for their final year of school:

President, Donald Hanauer; vice president, John Allen; secretary, Nelda Studtman; treasurer, Virginia Taege; class advisor, Miss Helen Reinhardt.

The Student Council officers, as elected by that organization for the current year, are:

President, Donald Hanauer; vice president, John Allen; secretary, Lorraine Foley.

HIGH SCHOOL BOARD AND TEACHERS DINE

The annual dinner which is given by the high school board members and the teaching staff, for themselves and their wives, was held on October 16 in the high school cafeteria. After an excellent dinner, prepared by the cafeteria staff, a program of a unique and entertaining nature was participated in by all. The greater understanding of each other's problems which these programs have developed, will cause these annual parties to be continued as a regular event.

JUNIORS TO SPONSOR MOVIE SALE

Through the generous co-operation of Mr. James Apostal, the new owner of the Arlington Theatre, and of his manager, Mr. Oliver Lynk, the Junior class of the Arlington Heights high school will again sponsor a ticket sale this year. The efforts of the Junior Class to raise funds with which to finance the annual Junior banquet and prom, and the annual Senior play, are the only two occasions when students are allowed to canvas the town or ask for ticket sales from the public. It is not the policy of the school to allow constant sales campaigns, whether of magazine subscriptions or Christmas candy, as many schools do; but on these two occasions when there is no competition with local business men and the purposes seem worthy, it is hoped that the public will support its own young people.

NEW FOODS CLUBS AT ARLINGTON HIGH

During the past week, what has been called a "Bachelor's Club," has been organized, and bids fair to become a very popular organization. The aims of the organization include temporary rather than permanent self-dependence in the absence of the gentler sex, and will also strive for a better understanding of the duties and accomplishments of a gracious host.

An organization has also been formed for girls who have not been able to find room in their programs for the regular foods courses, and who desire some information and practice in actual food preparation. Both of these clubs will meet one period per week without graduation credit, and will be sponsored and directed by Miss Carey Clark of the Foods Department.

Arlington Beats Libertyville At Cross Country

It may be surprising to a number of Arlington people to find that the local high school boasts a cross country team. This is the first year that any attention has been given to this sport at Arlington and it is hoped to build it into one of the most interesting sports at Arlington.

Three meets have been held so far. Arlington dropped the first one to Maine, and then were trimmed by Downers Grove, both of the West Suburban League. However, last week Arlington downed Libertyville 14 to 22. For the benefit of the uninitiated scoring is one point for first place, two for second, three for third, etc. The team with the lowest score wins.

Hartman of Libertyville ran first over the one and one half mile course and was trailed in order by Proctor, Goerger, Bittner, and Heimann, all of Arlington. Vondracek and Hoskins of Libertyville were sixth and seventh. Their teammates, Cizek and Richardson tied for 8th. Eight places were counted in the scoring.

Arlington hopes to be able to add considerable to the quality of their middle distance and distance runners by this work. Boys who are not out for either football or basketball are encouraged to go out for cross country to build up their legs, lungs and general stamina.

Road Commissioner Removes Snow Hazards

Profiting by his experience last winter when drifts as high as eight feet were occasioned by weeds and shrubs along the country roads, Henry Roper, Palatine road commissioner, is busy cutting said weeds. If there is heavy snow this year, Mr. Roper says that his present work will save the township a lot of money.

Camels Can Make Speed

Although the usual camel caravan moves at about 3 miles an hour, swift runners can carry a rider a 160 miles in a single day.

PLAN ADDITION MT. PROSPECT SCHOOL BLDG.

Present Facilities Inadequate

For sometime past the Board of Education of School District No. 57, which has jurisdiction over the public grade school in Mount Prospect, has realized that the present facilities of the school are not sufficient to properly care for the present attendance to say nothing about taking care of the ever-increasing population in this district.

With this in mind the Board of Education has been considering ways and means of increasing the facilities of the school in the most economical and proficient manner. What with funds available from the Federal Government on public improvements and all surrounding communities taking advantage of such funds, it would be criminal to pass up an opportunity to provide these much needed facilities at this time, by obtaining whatever federal assistance may be possible.

Architects Working on Plans

Plans at the present time are in only a tentative form, but the board has made arrangements with a firm of architects to draw up plans and methods of building an addition to the present structure.

Like the proposed "community center" project, a certain portion of the necessary funds must be raised by bond issue, but as understood the added cost to the taxpayer would be so nominal as to be negligible and there is no denying the fact that provision must be made to care for the increasing school requirements of this district.

Health Talks

By Dr. J. H. Fisher

Dizziness

When things go round and round. There are so many causes of dizziness that the physician himself often becomes giddy trying to diagnose the particular type presented. Some cases are not difficult to relieve. Ridding the body of an excess amount of water may be all that is necessary. A few years ago this plan was proposed in the treatment of what is known as Menieres disease. It consisted chiefly in depriving the patient of common salt and restricting the taking of fluids.

The symptom may appear often and continue for several days, the slightest movement of the head may cause disagreeable sensations in which all visible objects appear to be whirling or passing in rapid motion. Most people become nauseated causing vomiting, headaches, roaring or ringing in the ears, the eyeballs become strained, called nystagmus moving from side to side. Many cases may be relieved of this trouble by having their eyes examined. Often times glasses will remedy the cause and comfort to the sufferer. Some people have trouble with bright lights, eyes that are over sensitive to certain rays such as indigo, blue, green and ultra violet will cause what is commonly known as blind staggers, a slightly tinted pair of glasses will neutralize the colors and relieve you of this ailment.

I will say, have a thorough check-up about twice a year and you will save yourself a lot of trouble, good health is the most precious possession and you should guard it at all times. See your doctor and stay in good health.

Karl Grimm Mt. Prospect Young Man Passes

The Emil Grimm family of Mt. Prospect and the Beilfuss family of Norwood Park were sorely stricken when on Thursday morning their son, Karl Grimm passed away after a short illness of two weeks.

Karl Grimm was born in Town of Norwood, June 27, 1907. He lived there and was baptized also attended school until his parents moved to Mt. Prospect in 1920. Here he attended St. Paul's school and was confirmed with the class of 1922. He then attended Lutheran Institute and was graduated with the class of 1924. On Nov. 1, 1933 he entered into holy wedlock with Miss Elsie Beilfuss of Norwood.

This past summer he acquired a property of greenhouses on River road near Higgins, where he labored and planned for the future of his family; however the good God planned otherwise. A heart ailment aggravated became serious and the Lord took him from all care and trouble on Thursday morning last.

The funeral services for him were held on Sunday from his home to St. Paul's Lutheran church in Mt. Prospect, Pastor J. E. A. Mueller officiating, basing his funeral addresses in English and German on the words of Holy Scripture as recorded John 11, 25 and Ps. 68, 21.

Many tributes of flowers decorated the nave of the church and a great many friends showing their friendship for the deceased and their sympathy for the bereaved completely filling the church. Interment was in Mt. Prospect cemetery.

Karl Grimm leaves to mourn his beloved wife, one baby daughter, 18 months old; his parents, parents-in-law; three brothers; four sisters; brothers and sisters-in-law, and other relatives and friends.

C. T. I. Plan 1936 Xmas Seal Campaign

The Chicago Tuberculosis Institute held its annual Christmas Seal Conference Friday, October 16 at 2:15 p. m., in Room 301 of 360 N. Michigan avenue. The conference was attended by more than 100 Cook County Christmas Seal chairmen and committee members who conferred with Institute officials on plans for the thirtieth annual Seal sale, which begins Thanksgiving Day.

Mr. Homer J. Buckley, chairman of the Institute's executive committee and Christmas Seal campaign, presided. Other outstanding civic leaders spoke before the assembled group.

Mrs. Van der Vries, Proposes "Way Out" for State Legislature

More than 2,000 bills were introduced in the last session of the General Assembly in Illinois. Only a small proportion of these bills were and, of necessity, could be enacted into law. But the impossibility of intelligent consideration of this enormous volume of proposed legislation resulted in the death of many good and important measures and the enactment of hastily considered legislation. This condition was rendered the more acute because of the practice of the General Assembly doing little or nothing until the session was well advanced.

Bernice T. Van der Vries, Republican candidate for re-election as representative in the General Assembly of Illinois, from the Seventh Senatorial District, in order to improve this condition of affairs favors the establishment by law of a Legislative Council, composed of members of both parties in the Assembly, whose purpose shall be among other things, to hold down the number of bills, to secure opinions as their constitutionality, and to judge the success that might attend such detailed and complicated proposals as criminal, insurance, and traffic codes, as well as election laws and taxation proposals.

Mrs. Van der Vries' intelligent understanding of this situation and the "way out" has already enlisted the hearty support of those interested in good government.

A & P To Celebrate 77th Anniversary

Next week marks the 77th birthday of A & P Food Stores. Back in 1859 A & P was one small store located on Vesey Street, in New York and from that humble beginning grew the modern A & P organization which serves over 6,000,000 customers each day.

George Huntington Hartford, founder of A & P, was newly arrived in New York in 1859, and he found himself in a position to buy an entire shipload of tea, cutting out many middleman's profits usual in such a transaction. This led him to open a store and sell his tea to the public at about half the prevailing price. America was rapidly growing at that time and it was only natural that this tea store, with its entirely new principle of doing business, should grow with America. Since 1859 the principle of the founder has been applied not only to tea, but to all of the many food items, numbering close to 1400, now carried by modern A & P stores. They have advanced from one small store to a large organization distributing food to modern America.

Announcement has been made of a large sale to be advertised in the newspapers during next week to commemorate this 77th anniversary.

G. O. P. OFFERS STRONG NOMINEE FOR RECORDER

Veteran Busse an Expert on County Affairs.

(Chicago Tribune)

William Busse, Republican nominee for county recorder, has the reputation of knowing more about Cook county and its government than any other man in public service.

He has been a member of the county board since 1900 except for a two year gap due to the Republican smashup of Bull Moose year in 1912, when all the party's nominees for commissioner were defeated because of the split in their own ranks. He also has served twice as president of the board.

Busse Leads Board Minority

In the long array of Democratic monopolies on public offices in Chicago, the county board is an exception to the rule of freedom from the restraining influence of an alert minority. While the Democrats control this board they are watched constantly by a little group of commissioners from the country towns which repeatedly has gone into action to check the majority machine.

Time and again the minority not only has forced the majority to watch its step but also here and there has been able to compel a retreat in such matters as appropriations and contracts. Perhaps the outstanding instance of the power of the minority was during the early stages of the Robert M. Sweitzer case when the Republicans helped force the ouster action that was so painful to Sweitzer's Democratic associates on the board.

Busse has been the dean of this minority. He has a watchful eye that is quick to spot anything off color. His Republican colleagues have looked to him for wisdom and guidance.

Bard Unhonored

The generation after Shakespeare did not esteem Shakespeare as the people did later; two plays of Beaumont and Fletcher, Shakespeare's contemporaries, were played then to one of Shakespeare's.

PREVENT HOME ACCIDENTS

Chicago's second annual Red Cross home accident prevention campaign will be conducted the week of October 26, James T. Nicholson, manager of the Chicago chapter, American Red Cross, announced today.

"Procedure will be similar to last year's," Mr. Nicholson stated. "Through the schools, approximately 850,000 check lists of home accident hazards will be distributed to pupils. The school children will be requested to take these lists home and together with their parents check accident hazards and take steps to safeguard against them.

"In 1935 more than 344,000 homes in Chicago and its suburbs cooperated by making these inspections and an even greater participation is anticipated this year. The Red Cross is profoundly grateful for the endorsement and support of the public and private school superintendents, principals and teachers of Cook, DuPage and Lake counties, whose joint efforts have made possible this great humanitarian project.

"Home accidents are five times as numerous as highway accidents and public opinion must be awakened to the necessity of reducing this terrific and unnecessary toll. This Red Cross home accident prevention campaign is a project in which every one, man, woman and child can and should cooperate."

George Washington's Books

The greater part of George Washington's library was purchased in 1848 and presented to the Boston Athenaeum, where it reposes.

Safetygrams

BY FRED W. BRAUN © The Safety Man

It's amusing to ride with some people and hear the present-day automobilist criticize the construction of highways.

He wants highway engineers not only to build roads straight and wide, but mark them so that all problems confronting him in driving will be called to his attention. Then he proceeds to violate all the laws of decency and safety, and pays absolutely no attention to the markings on the highway.

If we want wide roads, sloping ditches, wide shoulders, and all the other safety measures on our highways, we ought to be sporting enough to use them correctly.

You and I can help by setting the right example.

15 Scout Troops Participate in Rally

In a contest which was thrilling in its closeness, Troop 3 sponsored by the Kiwanis club of Park Ridge, C. V. Baker, Scoutmaster, won the Gim-O-Gash Trophy at the First Annual Gim-O-Gash Pow-Wow held in the Elk Grove Forest Preserve last Saturday.

Troop 20 of the Congregational church of Des Plaines, George Hackmeister, Scoutmaster, placed second and Troop 24 of the St. Paul of the Cross church in Park Ridge, Harold Alexander Scoutmaster, placed third.

Troop 3 earned 59 2/3 points, Troop 20—57 and Troop 24—55 1/6 points which shows how close these three Troops battled for supremacy.

A total of 15 Troops participated in this Rally the greater part of the time camping Friday and Saturday nights and the Pow-Wow program was conducted during the day on Saturday. In the individual events medals were given for first place and were won by the following Scouts:

Scout's Pace—Robert Dunsmore, Troop 3 of Park Ridge, first place; Bud Weber and William Thomas, second and third, Troop 3 of Park Ridge.

Compas Contest—Edward Lawson of Troop 24 of Park Ridge first, George Leithner of Troop 3 of Park Ridge second, and Robert Hollinger of Troop 9 of Palatine, third.

The signalling contest was won by Troop 20 of Des Plaines and Troop 24 of Park Ridge placed second and Troop 3 of Park Ridge placed third. The O'Grady Drill was a tie between Troop 20 of Des Plaines and Troop 24 of Park Ridge with Troop 4 of Park Ridge placing third.

The Fire by Friction contest was won by Troop 20 of Des Plaines with Troop 23 of Mt. Prospect placing second. The beautiful trophy provided by the Gim-O-Gash was made by Edward Fritz, Asst. Scoutmaster of Troop 2 of Park Ridge, who did a very beautiful piece of sculpture on a piece of stone and provided a brass plate on the trophy where the number of winning Troops is to be engraved. The Gim-O-Gash Pow-wow was planned and carried out by the Gim-O-Gash Tribe of the Northwest Suburban Council.

Arlington Wins

(Continued from Page 1)

Grabenkort promptly heaved a pass, good for fifteen yards. Richards, Arlington safety man, tackled. A plunge netted four yards to Arlington's twenty-four. Another brought a fumble and recovery by Barrington. Annen leaped high and smashed a pass into the hands of a Barrington receiver, who dropped it. A short pass was good on the twenty-one, but not far enough, and the Cardinals took the ball on downs.

These three thrusts had taken all the starch out of Barrington. The Cardinals finally found themselves. Mayerck drove fourteen yards as Richards blocked a halfback beautifully. Mayerck made four yards and Kopplin two. Mayerck made another four, then hit again for six, and still again for nine. The ball was now on Barrington's forty. Richards and Kopplin picked up two yards. Then Turner shook off a Broncho rider, caught a long pass on the fifteen and reached the twelve. Hanauer's block got one tackler but another was there. Mueller made six yards and Mayerck one. Exactly there Barrington made a last, desperate stand and took the ball. After a kick out to Barrington's forty-three yard line, one plunge by Mueller ended the game. Final score: Arlington 6, Barrington 0.

Sports Editor

Another milestone has been passed! The Cardinals (who wear green), won their third conference game Saturday by defeating Barrington 6 to 0. It seemed to me that the score should have been larger, but I understand that the boys had a hard bruising game at Warren the previous Monday and went into the game Saturday nursing bruises, sore legs, etc., and probably were suffering from a general let down. Barrington, as usual, brought a big fast, hard hitting team to town and they did such a good job that the outcome of the game was in doubt until the very end. I was much impressed by the blocking and charging of their forward wall. It was so good that practically all of Arlington's running plays were broken up before they were started. Richards and Kopplin were kept under control all afternoon. Mayerck and Miller did some very fine work making yardage on line plays. The defensive work of Duthorne, Baxter, Turner and Hanauer is outstanding and these boys have played a big part in the winning of all the games played.

One of the paying guests at the game Saturday whose name is familiar to all of you did a very clever piece of detective work (in his mind) by discovering that I was the author of these articles. This man was Mr. Noble Puffer, of the Cook County Superintendent of Schools. Noble Puffer gave me his O. K. sanction and permission (but not supervision) to continue with this work. How do you like that?

VOICE OF PEOPLE

A SKUNK IN THE SMOKE SCREEN

RIGHTS OF MAN

The profiteers who are now scheming by any dirty means to perpetuate their control over us are just as hellish and lawless as are the misguided wretches who are waving red flags. Away with them! I speak for a happy means of peace, plenty and justice for all between these two extremes, either of which spells despotism and ruin. We have no use for any buzzard bunch of rich or poor who undertake by scheming or force to prevent or interfere with a decision of the people as expressed in a majority vote: The two extremes are as crazy as wood-rats (nasty animals) whose representatives cannot be trusted with absolute power over us. Dictators in the Executive, Judiciary, or Legislative departments of government may become as obnoxious and more destructive of the people's rights than one man dictation.

Unjust partisan criticism of, "What is Right" prevents necessary initiative action and gives sinister forces their chances to bribe party leaders and thereby continue their chicanery.

Let us give earnest consideration to the "Initiative Commission Referendum System" which would reqire that all proposed general laws be submitted to the people for ratification. The sinister schemers could not bribe fifty million voters. Let us have all sane reforms needed for the welfare of the people under the "Stars and Stripes" forever.

Why do voters become so partisan blind that they will not heed the proven truth? Why do politicians and editors refuse to answer, admit, or deny the truth that Rev. Coughlin has been and is telling the people? Old Scout has the law and documents to prove that Uncle Sam prints his legal tender fiat on Reserve Bankers' notes and gives these private bankers this money free (our money) to pay their debts, buy property, and to buy bonds on which the people must pay billions of interest with hard work. The two dominant political parties that are equally to blame are now lassoed and hogtied by the financial tyrants and propose no remedy. The blind, or scoundrels, seem to be leading the blind dupes (Dem. Reps. and Reds), to fall into the ditch.

Only the scare of independent voting has ever caused politicians to make any move to correct mistakes, or to make needed reforms, and then only when the "Intrenched Interests" have advised that it is best to temporize and compromise until the storm blows over.

The Liberal Republican Party (1872), the Greenback, Populist, Progressive, Union Parties et al, are samples of independent movements that have forced the Plutocrats and politicians to compromise on questions of paramount interest to the people. The Union Party will bring about a stricter observance of the Constitution in regard to the creation of our money, and a saner control of credit. An independent vote was never lost.

In this campaign they overwork the same old gags and subterfuges that I have heard in fifteen campaigns to cause the people "to take their choice" between the two chief servants of the plunderbund.

Free men and women, now is the time to break away and charge the ramparts of the enemy, the special privileged, who control both dominant parties, and put an end to your being used as cat's-paws thru your votes to uphold a system of robbery.

This being true, lying editors and crafty politicians should be quarantined, fumigated, vermifuged and taught to tell nothing but the truth.

Truth "Will Save America."

Tricky politics is driving America to Hades.

I have asked many editors and candidates to answer Old Scout especially No. 5 without a cheep from them. Must be a rat in the wood pile.

Bank failures under Pres. Harding 1,448; Coolidge 3,493; Hoover 6,498; 11,439, 12 years G. O. P.

No security, depositors lost billions. No remedy proposed. Nothing done about it. Something to think about.

Under F. D. R. 315 bank failures. Security: No loss for depositors of $5,000.00 or less.

Do you want to go back to the low prices of 1932 and take a header into the breadline or get soup handouts?

The smoke screen thrown around Robber's Roost (Money Trust) is filled with skunks, stench bombs and the spoofings and lies of greedy big and little office and special privilege seekers.

Signed,
OLD SCOUT,
Arlington Heights, Illinois.

Worth Remembering
He that would live in peace and rest must hear and see and say the best.

Farm Supply Companies Do A Million A Month

Peoria, Ill., Oct. 15.—Even the severe drouth this year could not prevent Illinois farmers from hanging up another all-time high record in their own business at the rate of a million dollars a month in aggregate purchases of petroleum products and other farm supplies, it was revealed at the tenth annual meeting of the Illinois Farm Supply Company held at Peoria last week. Farmer representatives from practically every county service company attended the open session of the meeting.

After payments of $7,541.41 in preferred stock dividends and the addition of fifteen per cent of net income to surplus, the reserve of $233,701.11 was set aside for distribution to the affiliated companies on their common stock holdings, it was disclosed by R. A. Cowles, Bloomington, treasurer. This is the largest distribution ever made in the history of the company and represents almost a thirty per cent increase over the preceding year.

Preferred and common stock dividends paid in cash to the farmers during the past four years total $2,750,000 and for the entire ten years of operation the money returned to the farmers' pocket has been more than four times their million dollar capital stock.

"The volume of petroleum products handled this year exceeds 76,000,000 gallons and represents a gain of 21.5 per cent," L. R. Marchant, manager, stated in his report. He also said that the quantity of Soyoil paint, containing soy bean oil, has practically doubled since its introduction five years ago. More than a half million gallons of this paint has been spread on farm buildings in Illinois with satisfactory results.

"The phenomenal stride developed by this group of farmer-owned and controlled companies, coupled with the high cash dividend policy maintained throughout these years, stands as a tribute to the organized agriculture of Illinois," Mr. Marchant said. "Furthermore, the aggregate sum of $2,497,675.85 for state and federal taxes on this year's business should serve as a weapon to combat propaganda declaring that farm cooperatives do not bear their share of the tax burden."

"Cooperation among farmers is on the march, make no mistake about that," he stated. "It is going forward with greater momentum every year. With cooperation and united effort on the part of the organized farmers of this state we expect to carry along to new and higher levels in the field of cooperation purchasing. Under the influence and guiding hand of the greatest state farm organization in America, the Illinois Agricultural Association, we cannot think of turning back. We must continue to go forward and take advantage of every opportunity to be of greater service to farmers."

In opening the meeting attended by more than 900 farmers, President Fred E. Hernion of Macomb said that the tremendous growth of the company during its ten years of operation would not have been possible without the loyal and unified support of the 96 County Farm Bureaus and the Illinois Agricultural Association. Other speakers who addressed the state-wide gathering were F. W. Peck, director, Agricultural Extension, University of Minnesota, and former bank commissioner for the Farm Credit Administration; and Donald Kirkpatrick, general counsel of the Illinois Agricultural Association.

The meeting was attended by the Directors and Management of the locally owned and controlled Lake-Cook Farm Supply company, a subsidiary of the Illinois Farm Supply Company.

"Use common sense with cooperation," declared F. W. Peck.

"If the cooperative movement is to make progress and achieve results it deserves, it will come from adherence to sound cooperative principles, from adoption of sound business procedure, and with maintenance of close effective relations between component groups that constitute these business associations," F. W. Peck, director of agricultural extension for the University of Minnesota, declared today at the annual meeting of the Illinois Farm Supply Company at the Pere Marquette Hotel in Peoria.

"In your cooperative, can the flow of authority be traced from the members to the board, and from the board to the manager, with a thorough understanding of the responsibilities of each towards the other with the members having the final resting place of control?" he asked in his talk on "Common Sense in Cooperatives."

"Peck explained that it is too common for ignorance of existing conditions to be used as an alibi and later on the affairs of the association found to be in such a condition that reorganization and realignment of forces is necessary in order to exercise proper degrees of control.

In speaking of success in the cooperative movement, Peck stated that in his opinion one of the principal measures of success of a cooperative enterprise is to set a pace and to form a pattern of efficiency that may serve as an example, to be copied even by private business in a given field of service.

"To feel secure in this day of extreme competition and rapid improvement in business methods and efficiency is just plain suicide," he went on to say. "This is just as true of a cooperative as of an ostrich with its head in the sand. Its ears cannot be knocked down, but there are other vulnerable places awaiting a rather swift kick. There are plenty of agencies waiting and willing to deliver said kick, too," he said.

Peck paid tribute to the growth of the Illinois Farm Supply Company by stating that it has made tremendous progress. He went on to say that the field of service is unlimited, and that this farm cooperative should go on to larger achievements.

"In reality, cooperatives are, in some respects, but scratching the surface in many fields of collective effort," he said in this connection.

"Cooperation reaches the soul and feeds the spiritual well-being of the individual" Peck stated in quoting Kagawa. He went on to say that there is a moral advantage and a moral effect upon many people associated together for their mutual advantage and satisfaction. Human satisfaction, in many different forms, is the final measure of success in any effort.

One of the cardinal principles of cooperation should be the steady growth from small units to larger units and to multiplication of units, and to obtaining constantly a little larger piece of pie in the big business circle that illustrates the marketing or purchasing activities of any association.

"This stimulating growth process requires large financing, wide use of credit, involvement in debt, substitution of expediency for sound principles, and a trust in God and good luck to bring success to the enterprise," he continued.

Peck make the point that there needs to be a very definite concerted effort on the part of members to own and control their business enterprises. He stated that many cooperatives today are actually owned and controlled by financing agencies that have made it possible for them to operate.

"Dollar consciousness, paying excessive dividends, and hope for eternal sunshine need to be replaced by a common-sense attitude towards the value of service that are received, towards development of an actual independence of financing agencies, and towards preparation for the cloudy and wet weather that is bound to come," he concluded.

Annual reports by officials of the company, election of directors, and addresses by Donald Kirkpatrick, general counsel of the Illinois Agricultural Association, and other prominent farm leaders also were included in the heavy afternoon program.

The morning session included a detailed report of progress in business made by the Illinois Farm Supply Company and its 63 affiliated county service companies delivered by L. R. Marchant of Chicago, manager. The volume of petroleum products handled this year exceeds 76,000,000 gallons and represents a gain of 21.5 per cent, Mr. Marchant disclosed. He also stated that the quantity of Soyoil paint, containing soybean oil, has practically doubled since its introduction five years ago. More than a half-million gallons of this paint has been spread on farm buildings in Illinois, with satisfactory results, the Manager reported.

A Genial Presence

A gracious, genial presence, a charming personality, a refined fascinating manner are welcome where mere beauty is denied and where wealth is turned away. They will make a better impression than the best education or the highest attainments. An attractive personality, even without great ability, often advances one when great talent and special training will not.

List of Conductors For Season Announced By City Opera Company

Paul Longone, general manager of the Chicago City Opera Company, today announced the complete list of directors who will be with the company this season which opens on October 31 with a gala non-subscription performance of Respighi's "La Fiamma."

Listing them alphabetically they are: Dino Bigalli, Anatol Dorati, Richard Hageman, Louis Hasselmans, Roberto Moranzoni, Henry Weber. Rudolph Ganz will again be a guest conductor. The assistant conductors will be Angelo Canarutto, Leo Kopp and Giacomo Spadoni.

This unusual staff of conductors is in keeping with the quality of the list of 67 singers engaged for this season, among whom are such artists as Lily Pons, Grace Moore, Eleanor La Mance, Amelita Galli-Curci, Rosa Raisa, Edith Mason, Giovanni Martinelli, Lauritz Melchior, Tito Schipa, Lawrence Tibbett and John Charles Thomas.

None of these conductors are unknown to the music lovers of the mid-west as each enjoys a wide reputation for his directing ability.

The only two who were not with the company last year are Roberto Moranzoni and Louis Hasselmans. But Moranzoni up to five years ago directed opera in Chicago for a number of seasons during which he gained many admirers who will welcome him back after so long an absence.

Hasselmans, who will direct the French repertoire this season, became known to the music audiences during his many appearances at Ravinia. The wonderful reputation he has built directing French operas at the Metropolitan Opera House, which he has done to date for ten years, is also well known here.

Bigalli made his bow as a director last year and was a success from the start which was no surprise to the officials of the company, who placed him in that post, being familiar with his abilities. This conductor has been with the company for several years in various capacities. For years opera singers from all over the country have come to Bigalli to be coached in various opera parts because he possesses an unusually comprehensive knowledge of the operas, their traditions and all else. As a matter of fact, there are few of the leading stars of the Chicago company and elsewhere who were not coached by him for some part or another. The company selected him to wield a baton because of this unusual knowledge.

The Chicago City Opera Company In Record Breaking Year

Jason F. Whitney, president of the Chicago City Opera Company, today announced that the company is well on its way in breaking the all-time record of sales of subscriptions.

The company has already exceeded the amount of subscription sales of the entire last season by $25,000. As to previous years, the highest figure reached was one season when from 25 to 30 per cent of the seats were sold by subscription. This year twenty-five per cent of the seats have already been sold, and as there is far from being a let up in the sales, the company expects to exceed the top figure of thirty per cent by October 21 when the sale of subscriptions closes.

In the matter of dollars and cents, the company will not reach the figure of previous years and perhaps not near it. But this season will be only for six weeks whereas in previous years the seasons were of ten and twelve weeks. Also tickets in those years command a higher price.

SCHOOLS

ELK GROVE SCHOOL, DIST. 59
Grades 5-8

The fifth and sixth grade of Elk Grove school have formed a book club. It is called the Junior Mark Twain Book Club. Elmer Wolter was elected president; Leroy Pomplun, vice president; Doris Wettermann, secretary; and Harold Kolze, treasurer. The dues are 15 cents a year.

We have a new set of Compton's Pictured Encyclopedia. They arrived last Monday. We like them very much.

The pupils who were neither absent nor tardy during the month of September, were Mildred Schoo, Florence Wolter, Robert Kroening, Roy Katayama, Leroy Landmeier, Doris Wettermann, Elmer Wolters, Leroy Pomplun, Lorraine Pomplun, Robert Lagerhausen, Paul Diekman, and Verdell Krueger.

We are planning a trip to the Brookfield Zoo.

There will not be any school Monday, Oct. 26. Mrs. Fosket and Miss Lindsay will attend a meeting of the Illinois State Teachers' Association at Evanston on that day.

Roy Katayama

Grades 1-4

Miss Lindsay painted the bookcases in the primary room red, so it would match the table.

The following children were not absent or tardy for the month of September: Elvern Landmeier, Robert Schulze, Wallace Krueger, Marvin Kuhlman, Raymond Kuhlman, John Everding, Henry Lagerhausen, and Glenn Wettermann.

Lucille Petersen and Elvern Landmeier brought flowers for the room.

The first grade made pictures for the room.

Glenn Wettermann brought some pretty autumn leaves.

Verdell Krueger.

Piragua, a Canoe

The piragua is a canoe made from the hollowed trunk of a tree or a kind of flat-bottomed barge with two masts.

Courtney Receives Endorsement By West Side Ministers

State's Attorney Thomas J. Courtney, this week, received a glowing endorsement of his four year record in office in the course of an address before a meeting of Chicago West Side Ministers at Duncan Y. M. C. A., 1515 W. Monroe street by the Rev. Percy W. Stephens, Pres., of the Oak Park Civic League.

Mr. Stephens, former pastor of the Second Baptist church of Chicago and former president of the P. T. A., council of Oak Park, epitomized State's Attorney Courtney's record in the following terms:

"Mr. Courtney has set a great example in his fight on crime. He needs the endorsement and co-operation of every minister of the gospel who wants to see this fight against crime continued and he is worthy of that endorsement.

"His record shows his sincerity—his courage and his devotion to high principles. Because of that we owe him our endorsement but we also owe that endorsement to ourselves and to our community so that the good work that has been started shall be continued.

"It would be a fortunate circumstance if it were possible to elect our State's Attorney at some time other than during a general election when party politics play so important a part. This high office should be separated from party affiliations as definitely as the Supreme Court of the United States.

"We know the qualifications of Mr. Courtney for this office because he has filled it during the past four years and the record of his service shows that he has kept his pledges to the people."

Quoting from Frank J. Loesch's 1935 report as president of the Chicago Crime Commission, Dr. Stephens cited the following:

"There has been such a complete change between the general lack of law enforcement of a decade ago and the present active law enforcement against crime and criminals that it is difficult to recognize we are in the same city. There is now a unity of action between the law enforcing officers, whether police prosecutors, municipal court or Criminal Court, which was wholly lacking then."

Following Dr. Stephens' address resolutions endorsing State's Attorney Courtney's record were adopted by viva-voce vote.

CARD OF THANKS

We wish to thank our neighbors and friends and the Mt. Prospect fire department who helped us at the time of our fire.

Conrad Wille.
